# 3.4.2 Risk Appetite Statement

RAS Guidelines | Risk Compliance | Appetite Statements

## Ketentuan Risk Appetite Statement (RAS)

Risk Appetite Statement menetapkan batas tingkat risiko yang dapat diterima (acceptable) oleh perusahaan untuk mencapai tujuan strategisnya, serta kewajiban tindakan perbaikan untuk risiko yang melampaui batas toleransi tersebut.

### 1. Acceptable Risk Zone

Risiko yang dapat diterima tanpa mitigasi tambahan

- **Low Risk Level**
- **Low to Moderate Risk Level**

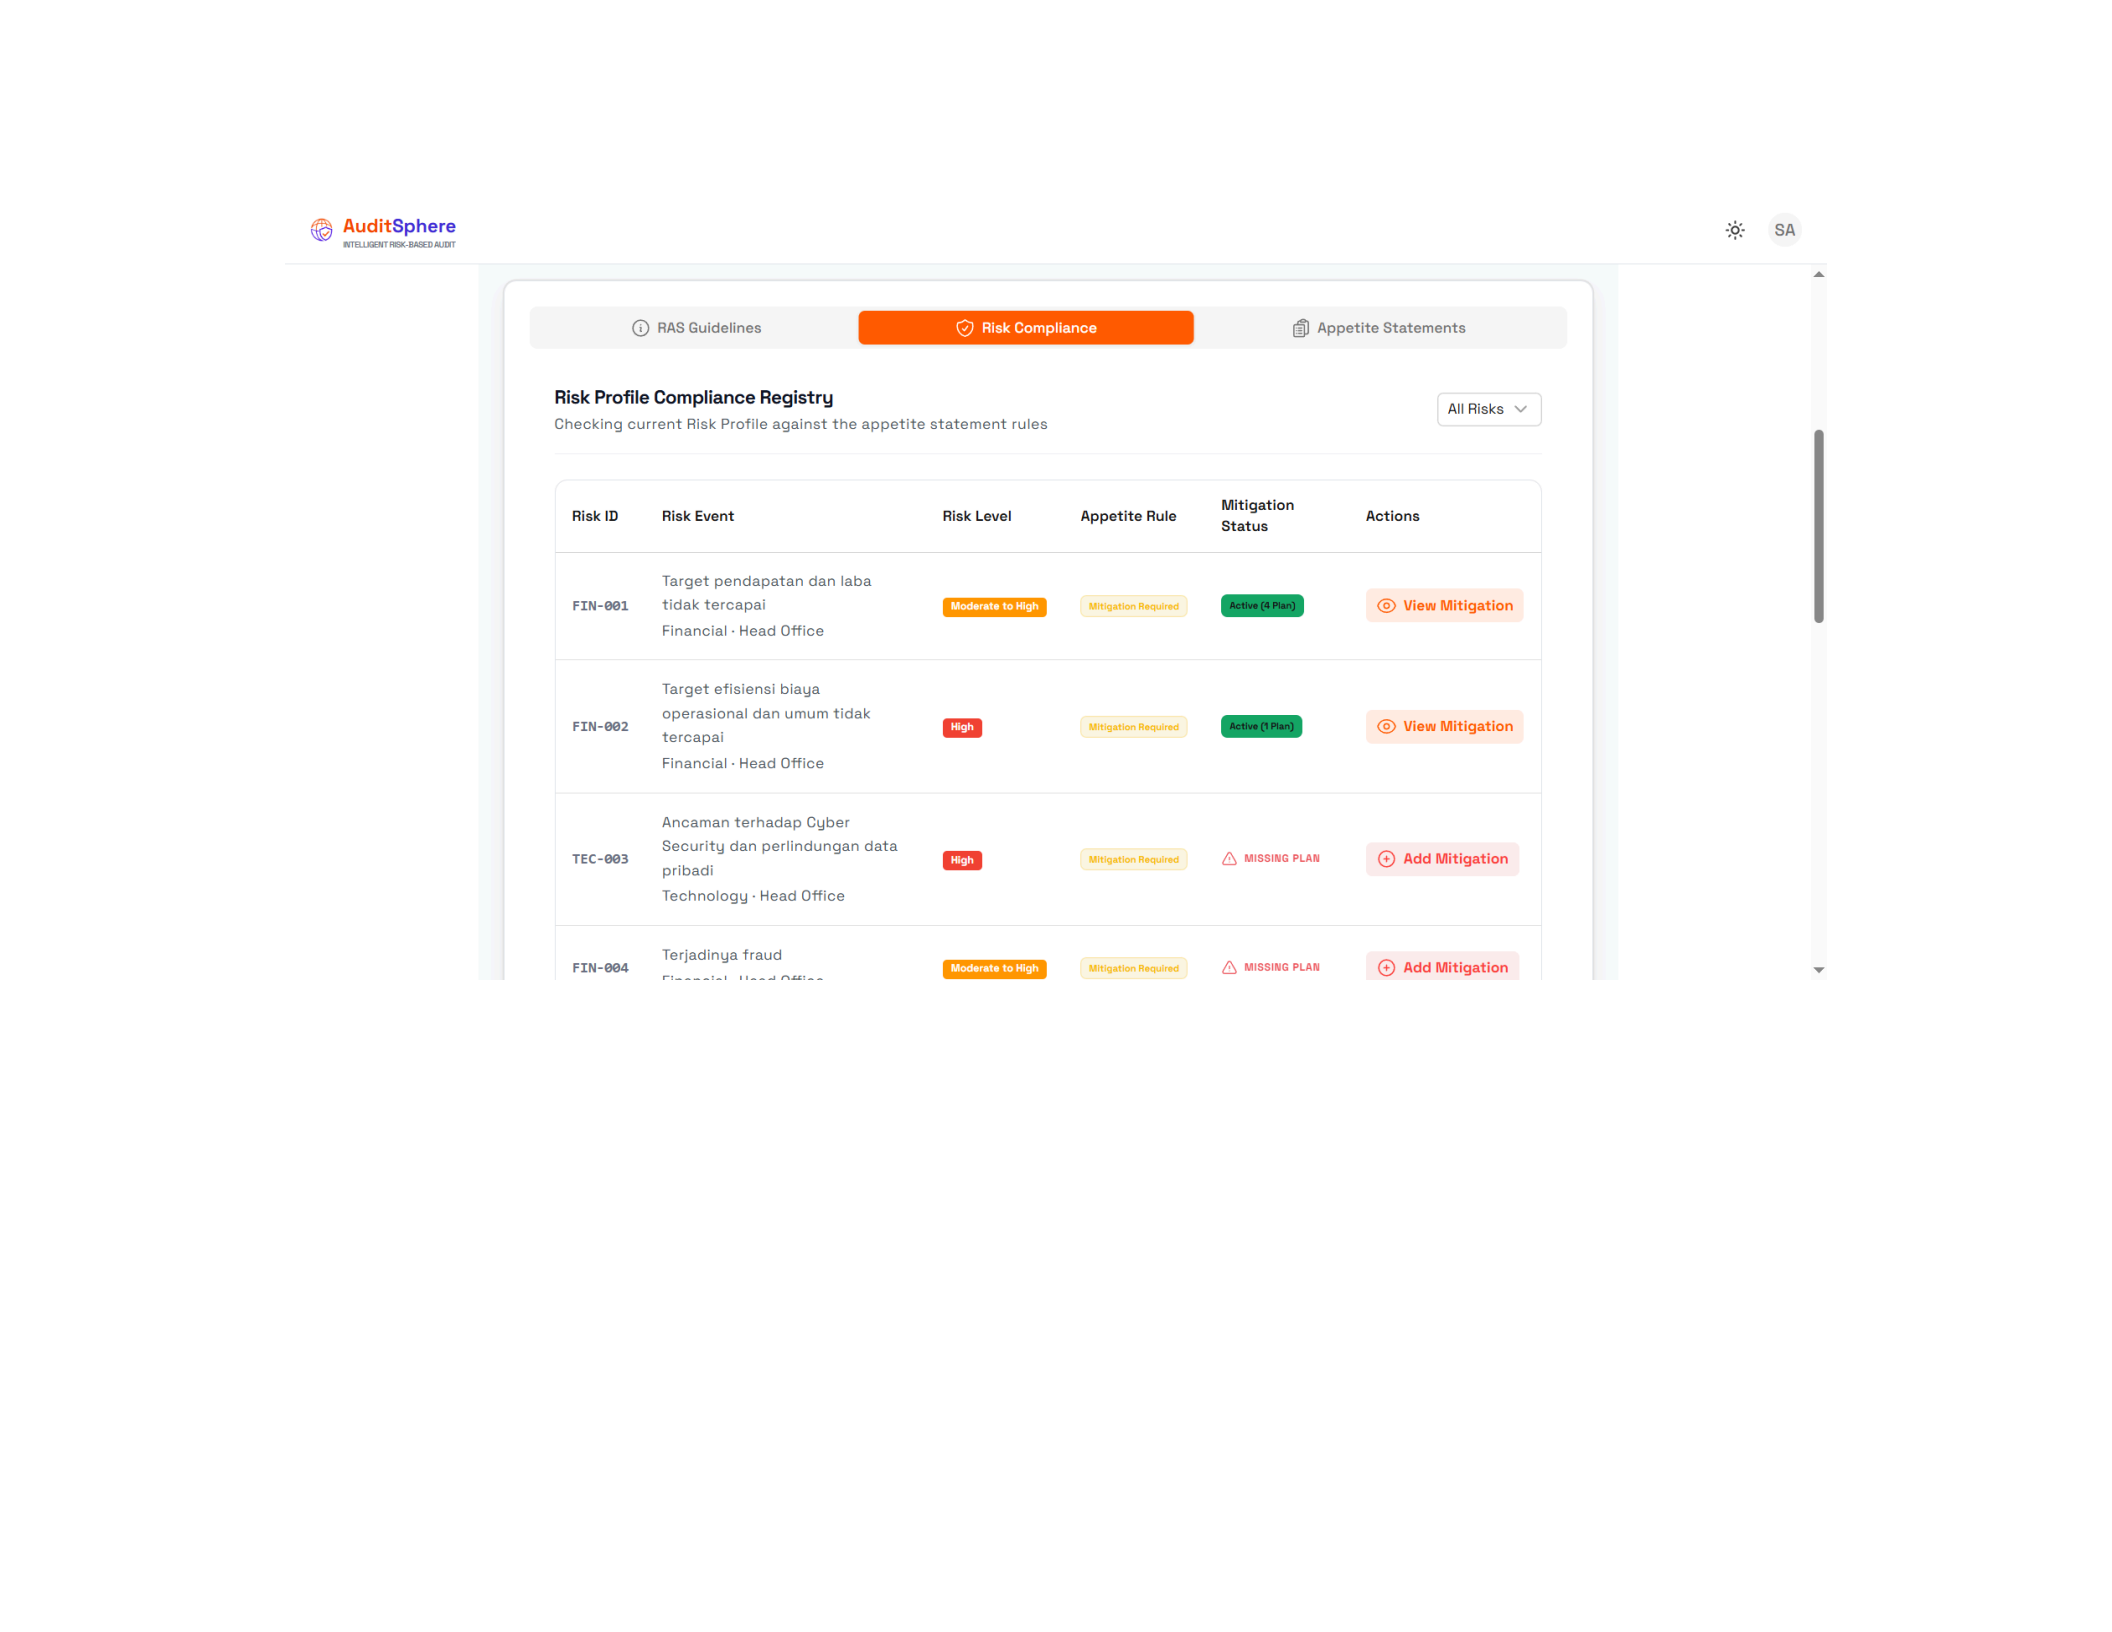

** Risiko pada area ini dinilai memiliki dampak dan kemungkinan yang kecil bagi operasional perusahaan, sehingga tidak memerlukan alokasi sumber daya mitigasi khusus.*

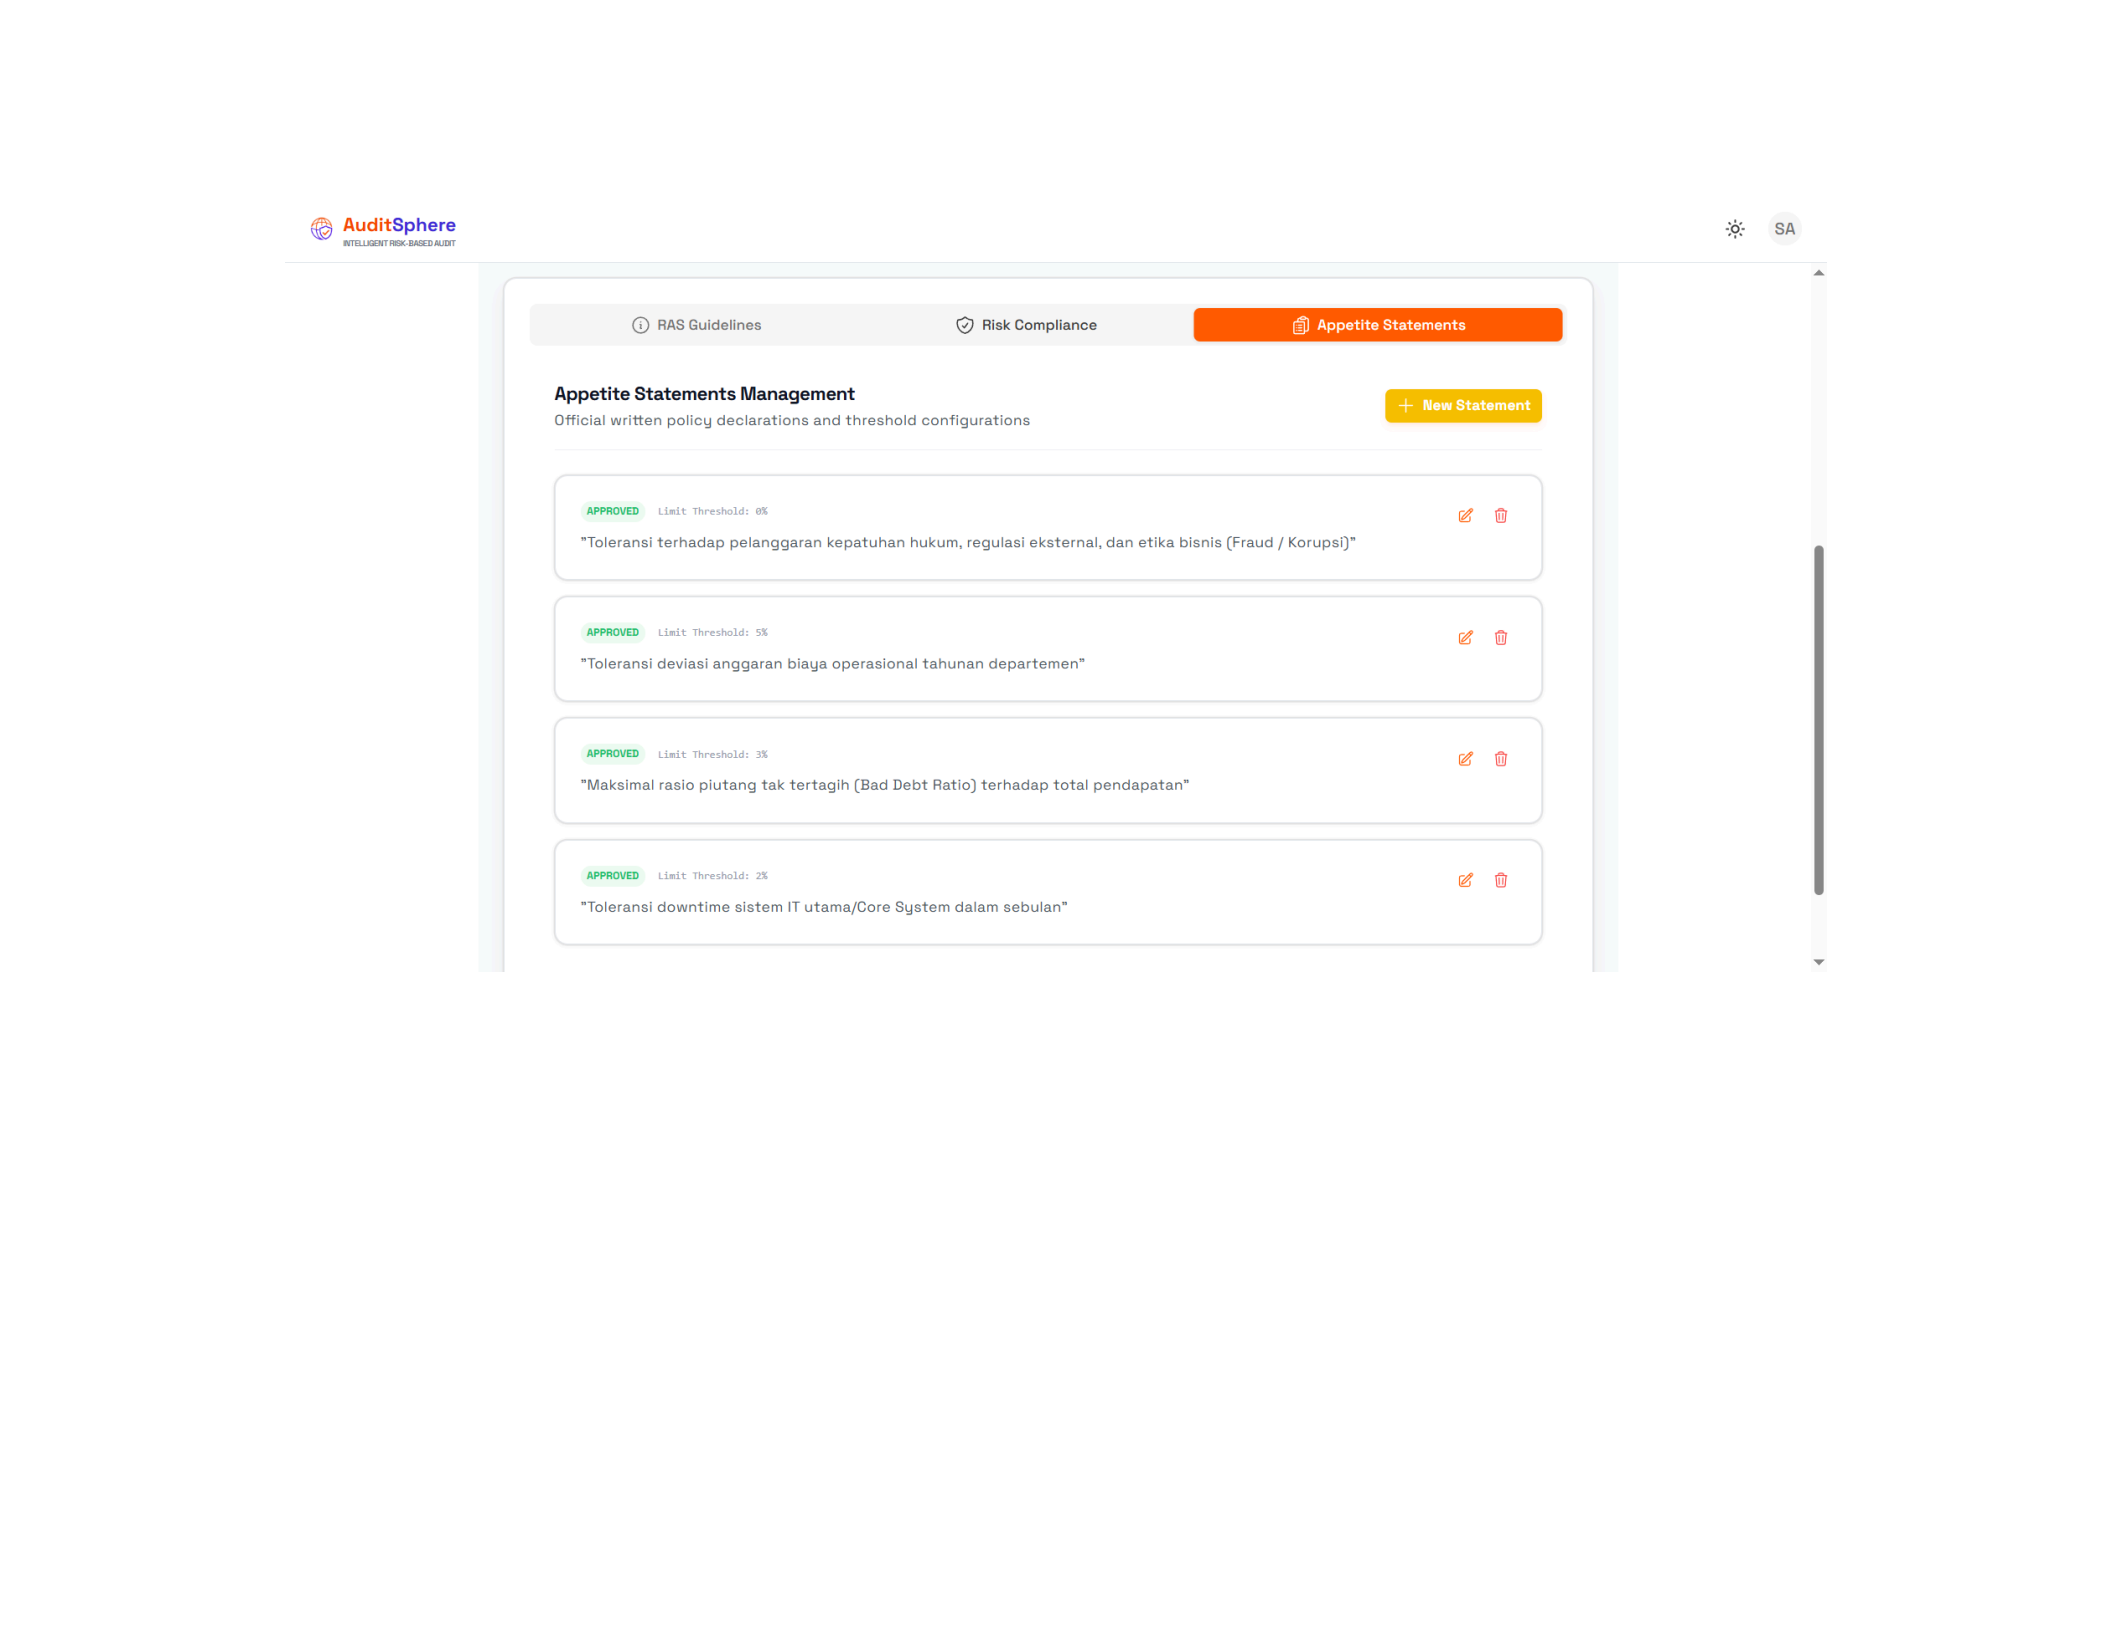

### 2. Action Required Zone

Risiko wajib dimitigasi demi meminimalkan paparan

- **Moderate Risk Level**
- **Moderate to High Risk Level**
- **High Risk Level**

** Risiko wajib ditangani secara aktif dengan menyusun rencana mitigasi yang terstruktur dan terukur guna menurunkan level eksposur ke batas yang aman.*
